Washington, To-day.

A high official of the United States Administration yesterday told a "United Press" representative that the Administration was adopting more orthodox methods regarding the monetary policy.

The new programme is opposite to the experimental policy represented by such technique as the gold price scheme, which is not entirely satisfactory in lifting domestic commodity prices.

Official intimations of the shift is borne out by several recent and prospective monetary development as follows:

1. President Roosevelt's present opposition to the various mandatory silver rehabilitation and dollar cheapening proposals. 2. The prospective budget deficit for the current year is approximately half the estimated U.S.\$7,309,000,000.

3. The decrease in Governmental expenditures with the con-PRESENTATION OF FLAGS sequent reduction of horrowing needs and a stronger Government credit.

4. The indications of the abandonment of experimental boosts in the gold price, indicating no reductions at the present time in the dollar's gold content.

5. Preparations for the Government's U.S.\$2,000,000,000 exchange stabilisation fund whereby it is thought that it may be possible to control better domestic commodity prices without more experimenting.

It is believed that the shift will not necessarily occasion change in the 1925 levels, nor would it necessarily denote change in President Roosévelt's ultimate objective of a managed currency.

On the contrary, the United Press learns that a more orthodox money policy might contribute to rising prices through the restoration of confidence which, in turn, would further aid in increasing business and employment.—United Press per S.C. Gold Bar Co.

Trend To Orient Found In Paris

East Colour Schemes Popular

KIMONO-CUT SLEEVES

There is enough and to spare for all existing whims of fashion. You can go the limit in practically any direction except a full skirt. You can put yards in the hem provided the waist and hips and thighs are fitted as snug as Nature herself.

. The strongest tendency is toward the Orient, both in line and colour and colour combinations-beautiful in richness and blendency. One extremely practical note about such styles as the kimono-cut sleeves, slittailed coats and Japanese lines in general, is that they can be so easily packed, pressed and carted about in suitcase or trunk.

The fish-fin trend, while excellent for exotic outfits wearable only a few times, will be followed by those who crave conspicuousness but will be modified into a softer line with more grace and comfort to it. We called these "wings" last time, but they have dropped further down now and so go into the "fin" class. A few still remain at the shoulders, particularly when using fur in the Schiaparelli manner, and even with the Heim touch, but on the whole the hips take the fishrudders.

Hats are anything from Chanel's mushroom flowers slanted over one eye and held on by bandeaux at the back of the head, to Molyneux' wagonwheels with one-inch crowns and 10-inch brims. The square brim is shown by many houses in both large and small varieties.

More jewels are being worn here of nights than last year. Jewelled brooches shimmer from decolletes and gem-studded bracelets sparkle on wrists.

Jewelled diadems of clips appear on half the heads. One chic Italian wears a gold diadem topped with little, carved, gold balls. A smart American fastens a diamond studded platinum feather clip just behind her lest temple. Ensembles of gold earrings, bracelets and clips are the essence of chic.

N.S.W. Cricketer On **Coming Tests**

NO BODY-LINE

"JARDINE'S RESIGNATION WELCOMED"

Mr. O. Wendell Bill, the wellknown New South Wales cricketer, arrived in Colombo recently week from Australia, travelling in the Jervis Bay. He is on his way to London to witness the forthcoming cricket Tests, which he will broadcast to Australia. He has been specially appointed by the Australian Broadcasting authorities to do his work.

Speaking to a reporter of the Times of Ceulon Mr. Wendell Bill said that the news of Jardine's refusal to play in the forthcoming Tests would be received with satisfaction throughout Australia, where it was still felt that the Ashes were lost through the English Captain's persistency with what Australia would always regard as the dangerous "body-line" attack.

"If this type of bowling is not; resorted to in England during the tests, then Australia has a splendid chance of regaining lost Ashes. There is no doubt that England defented us in Australia almost as a result of adopting body-line bowl-

In regard to Harold Larwood Mr. Wendell Bill said that they all wish- NEW ed he would play, and that, if he did, he would not resume the tactics he adopted in Australia, "at least for the good of the game." "That body-line stuff," he declared "has already done much to have strained the relationship between the two countries."

Australia's team, Mr. Wendell Bill said, was stronger in batting than in bowling: the latter deparlment would depend more or less on 'O'Reilly and Grimmett. Despite his age, Grimmett was still one of the world's best.

Mr. Wendell Bill, who is 26 years of age, has played cricket during the past 15 years. He has figured in the N.S.W. team for the last Cincin five years, and was one of the opening batsmen on the last occasion the State met Jardine's side and lost the match by an innings. He scored 22 and 1. He has played for N.S.W. against England, and South Africa, besides all the other Australian states. Mr. Wendell Bill is the owner of a Sports Depot in Sydney.

\$446.85 RECEIPTS FOR MALAYA VISIT

DISAPPOINTING RESPONSE TO HOCKEY ENTERPRISE

IN PROPORTION TO NUMBER WHO WATCHED GAMES

That the total of \$446.85, which represented the gate recelpts for the three matches played against the All Malaya hockey team early in April, was not in proportion to the numbers who watched the game, was the opinion of Mr. R. H. Wong, the Hon. Treasurer of the Hong Kong Hockey Association, in presenting the statement of accounts for the Interport visit, at a Council Meeting held at St. Andrew's Church Hall yesterday.

Mr. Wong also pointed out that there were only eight members from affiliated clubs present at the Hockey Dinner, with the result that the returns for the Dinner were also below expectations. ...

A total of \$339.71 in payments over receipts was shown and (b) A competition — 18 holes this was to be met out of the Guarantee Fund subscribed to by the affiliated clubs.

Thanks were extended to the Club de Recreio for facilities extended in connection with the refreshments after the games, and to members of the Entertaining Committee, who had put in good work during the time the visiting team were in Hong Kong.

Mr. A. A. Dand, presided at the meeting, and those present were Mr. F. A. Kemp, (Hon. Secretary). Mr. R. H. Wong (Hon. Treasurer), Captain R. C. H. Bates (Army), Mr. W. Woodward (H.K. Club) Mr. F. G. Barros (Incognitos) and Mr. Jahan Dad.

For the rest of the first half the exchanges were every even, and it seemed as if the Royals would have to fight terribly hard to main. tain their lead when they would have to face the breeze in the closing stages.

Actually, they were at their best after the interval when, instead of committing the error made by England's amateurs in exactly the same circumstances at Glasgow. they concentrated all their energies on attack, and in spite of the wind kept the ball in the Tanks territory nearly all through the half.

Davis Cup Prospects Discussed

The Australian team to meet Japan in the Davis Cup tournament. Messrs. J. B. Crawford (who was recently appointed Captain), V. B. McGrath, (New South Wales) and A. K. Quist and D. P. Turnbull (South Australia were in Colombo on their way out to Europe in the Oxford).

Mr. S. Youdale who, for the second successive year, has accepted the position of manager of the team, speaking to a representative of the "Times of Ceylon," said that Australia had hopes of securing the coveted cup on this occasion.

The same team that did duty for the Commonwealth on the last occasion would again be representing Australia.

They were the richer for the experience they had gained and were, therefore, stronger to-day than they were 12 months ago. Individually and collectively, the team was the best that Australia could send out.

"I am not going to say in a boastful spirit that Australia will succeed in obtaining the Davis Cup, neither am I going to say that we will not. We are going in full hopes of doing our best. ilf determination and enthusiasm count for anything then the Davis Cup should be ours. We will do our very best for the great Dominion we represent."

CARE OF ANIMALS

Local Society Seeking Eastern Affiliation.

NEW DOGS' HOME AT KOWLOON CITY

The hope that the local Society for the Prevention of Cruelty to Animals would become affiliated to other Societies in the East and thus gain more strength, was expressed by Mr. J. Russell, who presided at the annual meeting of the S.P.C.A., held at Lane Crawford's Restaurant, last evening.

Mr. Russell added the hope that this would take place in the ensuing year and that there would be an Eastern Society in connection with cruelty to animals.

Reference was made to the mancial drive, and tribute was paid to the work done by Lady Pollock in this connection. He also thanked all the subscribers, and those who gave up their time in going out for subscriptions.

Owing to the financial position of the Society the proposed appointment of a Veterinary Surgeon could not be made. They had however, obtained the services of a qualified man who was in constant attendance. particularly at the Dogs' Home. The New Home.

The Chairman pointed out that they were now privileged to visit the killing rooms of markets, thus enabling the inspectors to report on any cases of cruelty discovered.

The most important part of the Society's work during the season was a new dogs' home at Sung Wong Toi (Kowloon City), which he hoped would be completed this year.

JUDGMENT RESERVED IN CLAIM CASE

Mr. Croucher's Claim For \$81,188.

MR. MOK IN CANTON

The Chief Justice, the Hon. Mr. A. D. A. McGregor, reserved his judgment at the close of the hearing of the \$81,188.93 claim by Mr. N. V. A. Croucher against Messrs. S. T. Butlin and H. R. Forsyth, executors of the estate of the late Mr. Woo Hay-tong, who was shot to death in his office on June 17, 1932.

The defendants represented by Mr. Eldon Potter, K.C., Mr. F. J Jenkin, K.C., and Mr. H. Macnamara, instructed by Messrs. Wool and Nash. Mr. H. G. Sheldon appeared for the plaintiff.

Mr. Sheldon, in explaining the continued absence of his witness, Mr. Mok Ying-kwai, stated that, as | head of the Taikoo Sugar Department at Messrs. Butterfield and Swire, Ltd., he had been called to! Canton to a Government Meeting, and it was not known when he would return. The case for the plaintiff would, therefore, have to be closed without his evidence.

The cross examination of Mr. Forsyth was closed this morning and Mr. Potter summed up his case, stressing that Mr. Woo Haytong was only a second mortgagee of the shares and also that there was no contractoral liability.

Mr. Sheldon stated his case to prove that Mr. Woo had, in fact, purchased the shares, and was liable to Mr. Croucher for \$69,500 plus compound interest.

Struggle for Power in La Belle France

That an attempt to overthrow the government of Premier Gaston Doumergue will be made in the near future is the belief of keen political observers on the French scene. Not only are the Communists, emboldened by the Stavisky scandal, more powerful than ever, but L'Action Francaise, the royalist movement, under Leon Daudet, took a new lease on life following the rioting of February. However, the growth of Fascism is the greatest menace to the government. The National Confederation of War Veterans, numbering 3,500,000 ex-soldiers, is demanding a new deal. Fascist in principle, the group is affiliated with other more militant veteran bodies, notably the Croix de Feu and Les Briscards, whose leader is Marcel Bucard. It is an open secret that members of these organizations are drilled and armed. Nor do their officers make any secret of the fact that they intend to fight if their demands are not met by the government.
